Portfolio: [Your Portfolio URL]

SKILLS

- Languages: HTML, CSS, JavaScript, TypeScript
- Frameworks & Libraries: React, Next.js, Node.js, Tailwind CSS, ShadCN UI, Bootstrap 5, Material UI, NextUI, Drizzle ORM
- Databases: PostgreSQL, MySQL, MongoDB
- Tools: VS Code, Docker, Postman, XAMPP, Git
- IT Practices: OOP, Version Control, Responsive Design, API Development, Code Reviews, TDD/BDD
- Soft Skills: Adaptability, Leadership, Team Building, Problem-Solving

EDUCATION

- PIAIC | Jamstack & Cloud Native Engineer *(Sep 2023 - Oct 2025 | Ongoing)*
- DAE (CIT) | Saifee Eide Zahabi Institute of Science & Technology, Karachi *(2021-2025)*
- Matric (BSEK) | The Citizen Foundation School *(80.02% | 2021)*

PROJECTS

1. Full-Stack Real Estate Web App *(Nov 2023 - Feb 2024)*

- Built with Next.js, Drizzle ORM (Neon DB), and NextAuth for authentication.
- Features Zod validation, NextUI/Tailwind CSS, and ImageKit for media management.
- Includes role-based dashboards (user/admin) with CRUD operations for properties.
- Hosted on Vercel with CI/CD via GitHub.

*2. Link Manager App (Next.js 14) (Mar 2024)*2. Link Manager App (Next.js 14) *(Mar 2024)*

- Solves fuzzy search issues in note-taking apps with exact URL matching.

- Supports bulk link uploads and group-based organization.

- Tech: Next.js, TypeScript, Tailwind CSS.

3. Event-Driven Microservices API *(Mar 2024)*

- Contributed to an online mart API using FastAPI, Docker, Dapr, Kafka.

- Developed JWT authentication, deployed on Azure Container Apps (ACA).

- Integrated Kong API Gateway and automated CI/CD with GitHub Actions.

ACHIEVEMENTS & LEADERSHIP

- Student of the Quarter | PIAIC *(Feb-May 2024)*
  - Attended Cloud Native classes and contributed to CNAI projects at UIT University.

💡 Hobbies:

- Active in developer communities and hackathons to stay updated with industry trends.
